

We are excited you have chosen to join Life Groups here today!

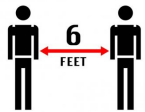

Our goal is to provide the church family with a safe place to worship and fellowship as a body of believers.

Central is encouraging the following healthy practices:

Please bring a mask from home to wear before/after worship and during life groups.

Maintain at least 6 feet of distance from others who are not part of your household when entering and leaving the building.

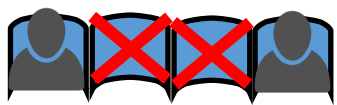

Please refrain from shaking hands or hugging.

Hand sanitizing stations are available in the foyer for use after touching any surfaces.

During Life Groups:

Households may sit together but should be separated from anyone else by at least: *2 seats in a row*

While in the building for worship services, or life groups, please follow CDC recommended hygiene and social distancing guidelines.

If you are showing any symptoms of COVID-19 or have been exposed to anyone who has been confirmed to have COVID-19 in the past two weeks please stay home and watch the service online. Ushers are available to answer any questions.
